Description: Fits Avalon, Celica, Corolla, Land Cruiser, RAV4 Fuel Pump - Repair or Replace If your Engine Cranks but won't start, your Toyota may need a new fuel pump. RAV4. Japan built. Land Cruiser. Near fuel pump.

There was ATF dripping from the output hose union on top of the Power Steering Pump. Naturally I couldn't see this until I had removed the thick protective covers from the Diesel Injector Pump. The union is branched, with the high-pressure line going to the steering rack and with a pressure switch sticking out the side.
