

2006 honda civic hybrid power brakes system

How does the 2006 Honda Civic hybrid braking system work?

The 2006 Honda Civic Hybrid's braking system includes front disc brakes and rear drums with a regenerative system. It also features antilock, electronic brake-force distribution, and brake assist--a technology that pumps up the hydraulics ahead of time to provide instant braking power. The front disc brakes and rear drums work together to help the driver get the best braking performance.

Does the 2006 Honda Civic Hybrid have antilock brakes?

The 2006 Honda Civic Hybrid is equipped with standard antilock brakes. Electronic brake-force distribution is also included to help avoid accidents. Air-bag coverage is complete, with dual-stage front, driver and front-passenger side, and curtain bags.

Is the 2006 Honda Civic Hybrid a good car?

The 2006 Honda Civic Hybrid's suspension, which includes MacPherson struts in front and a double wishbone in the rear, is stiff and appropriate for a car at the low end of Honda's model line. The steering is precise, although it's not challenged much by the car's power output.

How do you brake a Honda Civic?

The Civic has a digital display that shows how much electricity you're sending to the battery or how much you're using up. Brake moderately hard, and you'll light up the maximum number of green LEDs. Hit the brake pedal harder, and you'll activate the conventional brakes, just as you would in any other car.

What kind of engine does a 2006 Honda Civic have?

The 2006 Honda Civic Hybrid is equipped with a 1.3-liter four-cylinder engine with a single overhead cam and Honda's i-VTEC variable valve timing. This engine produces 110 horsepower, which is complemented by the electric motor's 20 horsepower. In the case of the 2006 Honda Civic Hybrid, the engine is a small 1.3-liter four-cylinder.

How much does a 2006 Honda Civic Hybrid cost?

The base price for a 2006 Honda Civic Hybrid is \$21,850. Our test car, which included the navigation and voice-recognition system, came in at \$23,350. Possible upgrades include an eight-disc CD changer (\$569), a bass speaker system (\$364), and iPod integration (\$214).
