How do I choose a solar installation company in Chicago?

With 90 solar companies in the area and the median Chicago household size as 1,800 square feet, you should get a basic idea of how many options are at your disposal and what size solar system you'll need for your home. Below are a handful of other important aspects of choosing a solar installation company in the Chicago metro area.

How much does solar cost in Chicago IL?

The average price per watt of solar power in Chicago, IL is \$2.99/W. These prices are before incentives. After the federal solar tax credit, the final cost will drop by 30%, down to \$23,090 for a 11.04 kW system.

Should you go solar in Chicago?

Solar energy offers a renewable, eco-friendly and cost-effective way to power your property. If you're from the Chicago metro area and are considering going solar, it's important to do your research beforehand and understand basic costs for solar in your area. You'll also need to choose from the best solar companies in Chicago that fit your needs.

Are solar incentives a good idea in Chicago?

Solar incentives and rebates can cut the cost of installing solar in Chicago by thousands of dollars. The most significant incentive is the 30% federal solar tax credit, available to any taxpayer in the country when they purchase solar panels or battery storage.

How do I choose a solar company?

Solar companies that are licensed, insured and hold certifications take their business seriously. Look for companies that have NABCEP Certified professionals or certified electricians on staff and are properly insured, so their workers, and you, are protected. Not everyone has thousands of dollars to spend on a solar panel installation.

Are 93energy a good company to install solar panels?

But when it came time to install solar panels, Rob and 93Energy did a tremendous job helping us purchase and install our SunPower solar panel array. They were knowledgeable and we knew they were the company to go with. I'm a skeptic when it comes to major house projects and I run all the numbers twice before contracting any work.
