

Banks power ram air intake system 41816

XDP offers the Banks Power 42279 Ram-Air Intake System that will deliver cooler, denser, outside air to the engine of your 2019-2024 Ram 6.7L Diesel. The performance of this intake is thoroughly tested and verified using Computational Fluid Dynamics software, the flowbench, and is then installed on the vehicle. ...

Banks Ram-Air Intake System replaces the factory's flat panel paper filter with a large conical 4-ply lifetime cotton filter that provides maximum high-flow filtration. The Ram-Air's opening is over twice as big as stock's, and without the 90-degree detours the choke airflow and kill power. The huge inlet, enclosed housing and much larger tubing dramatically improve airflow to the ...

Stock Intake. Elevated ambient air temp 17.7° F; Lowered air pressure 6.8%; Combined result: air density 90.2% of ambient; Banks Ram-Air. Replaces the stock setup with new housing, filter with 7.5" outlet, lid & ducting system made of cross-linked polyethylene & polypropylene, all the way to the inlet of the turbo compressor.

Banks Ram-Air Intake System replaces the factory's flat panel filter with a large conical lifetime filter that provides maximum high-flow filtration. The Ram-Air's opening is over twice as big as stock's, and without the 90-Degree detours ...

Swap your stock intake with a Ram Air Intake from Banks Power for better power, dust prevention, and sound! 1-801-938-4891. My Cart. My Account ... the design of most stock airflow systems focuses more on dust collection and noise reduction than it does on maximizing airflow. With a Banks ram air intake you get superior dust collection while ...

XDP carries the Banks Power 42266 Ram-Air Intake System that will help the engine breathe easier in your 2020-2023 GM 6.6L Duramax L5P 2500/3500. With the L5P Duramax engines, GM has further restricted the allowable range for induction tuning. To counter this, Banks has engineered a patented Air Mass Control Module that allows this intake ...

Banks Ram-Air Intake System replaces the factory's flat panel filter with a large conical filter that provides maximum high-flow filtration. The Ram-Air's opening is over twice as big as stock's, ...
