

Renalfa IPP, a leading independent power producer focused on renewable energy, has secured a landmark EUR315 million Holdco Financing from a consortium of lenders, including the European ...

Renewable energy sources are at the core of the strategy for a sustainable and independent energy future, according to the National Energy and Climate Plan. Energy storage enhances the penetration of renewables into the energy mix, ...

The Daily Mail 2025-07-01: Keir Starmer is frantically trying to limit a Labour revolt on welfare today with hours to go until a showdown vote. Dozens of MPs are vowing to defy the PM in the ...

Future-Ready with Battery Storage Many industrial clients are now coupling solar with battery energy storage systems (BESS) for uninterrupted power during outages or peak-demand ...

Bucharest, 23 July 2025: Actis-backed Rezolv Energy, through its project subsidiary First Look Solutions S.R.L., has signed incremental project finance facilities of up to EUR331 million to ...

What Are the Best Renewable Energy Batteries for Solar Storage? The best renewable energy batteries for solar storage include lithium-ion batteries, lead-acid batteries, flow batteries, and ...

Romania's National Energy Regulatory Authority (ANRE) has adopted new rules eliminating regulated charges on electricity that is stored and later fed back into the grid. Storage ...

We are seeking an experienced and results-driven Asset Manager to take full responsibility for a growing portfolio of solar PV and battery energy storage system (BESS) projects in Romania. ...

Heating, ventilation, and air-conditioning (HVAC) systems account for the largest share of energy consumption in European Union (EU) buildings, representing approximately 40% of the final ...

R.Power sells stake in 127-MW energy storage project in Romania Jun 30, 2025, 1:53:36 PM Article by Rossitsa Vachkova A unit of Polish renewables company R.Power has agreed to sell ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

An affiliated company Nova Power and Gas, part of the E-Infra group controlled by Romanian businessman Teofil Muresan, is about to obtain a founding authorization to install the largest ...

Benefits of energy storage bucharest

O firma afiliata Nova Power and Gas, parte a grupului E-Infra controlat de omul de afaceri român Teofil Muresan, este pe cale sa obtina autorizatie de înfiintare pentru instalarea celei mai mari ...

Romania's National Energy Regulatory Authority (ANRE) has taken aim at accelerating energy storage solution deployment by eliminating the double taxation on stored electricity. This ...

Romania's ambitions for energy storage are growing rapidly. The country plans to install 5 GW of battery energy storage capacity by 2026, a massive leap from its current level, which reached ...

As Germany advances its energy transition, commercial and industrial (C& I) energy storage systems are playing an increasingly vital role in balancing electricity supply and demand, as ...

Energy Storage and the Intermittency of Renewables - Why It Matters for Romania and Hungary - Part 3
Romania: Modernizing Infrastructure to Support Renewable Integration In 2024, ...

Unlocking a ?Cleaner, More Reliable Grid: The Promise of Long-Duration Energy Storage (LDES) The ?future of energy is clean, reliable, and always-on. But achieving this requires more than ...

Bucharest, July 22, 2025 - Nova Power & Gas, a Romanian energy company and part of the E-INFRA Group, announces the launch of the largest battery energy storage project in Romania. ...
