

Brio solar energy indeed

Who is Brio energy?

Brio Energy is the largest Residential Solar Company in Utah. We are dedicated to providing clean and cost-efficient energy to families around the nation. Our pre-vetted network of installers compete for your business, which allows us to give you more options and the best deals. Worst company I have ever worked with.

Is Brio a good solar company?

He says that they broke a lot of promises and he thinks they installed a cheap system and they won't take his calls. Another solar power company talked to me a week later and they were much more honest than Brio. They also had a much better price and a much better loan with a much better rate. Don't go through Brio. They are not reputable.

Does Brio energy offer energy savings?

Brio Energy conducts an energy savings home audit along with the purchase of one of its solar systems. The audit includes a smart thermostat, as well as replacement of all lights with LED lights. These LED lights come with a 5-year warranty and have a life expectancy of 20 years, which translates to huge power bill savings over time.

How much does a Brio Solar System cost?

In all of the quotes I have received Brio has also been the highest price. In some cases by as much as \$5,000 and that was for a better rated system that still had the same warranties. There are several good solar companies out there and I still plan to go solar, but I highly recommend steering clear of Brio. Beware!

What is the future of Brio energy?

Brio Energy Pvt. Ltd. intends to continue offering technology based renewable energy products that are relevant to the industry.

Does Brio energy offer a warranty on solar panels?

All solar energy systems installed by Brio Energy include a 25-year warranty on residential solar panels from the manufacturing company. In addition to this, Brio Energy also offers a 25-year warranty on materials and labor to give homeowners confidence in their rooftop solar systems.
