

Can shared lockers make money

Can a small business have an Amazon Locker?

Small businesses can have an Amazon Locker by joining Amazon's network of locker locations and becoming an Amazon Hub. This means having an Amazon Locker in your business location. There are many reasons this can be beneficial to your business, as described in the next section.

Does Amazon pay for hosting Amazon Lockers?

It has been reported that Amazon offers some stipends for hosting Amazon Lockers, but in most cases, the lockers are placed for free. The Amazon Locker can be considered a loss-leader for businesses, as it brings more people into the location.

Why should you join Amazon's Locker program?

Joining Amazon's locker program comes with several benefits at no cost to you. Becoming an Amazon Hub increases foot traffic in your business location.

Is it beneficial to use an Amazon Locker?

Using an Amazon Locker can be beneficial for those who want to avoid porch thieves. Anyone who has an Amazon account can use an Amazon Locker, and it is a good way to have packages delivered to a secure location instead of a residence or apartment lobby.

Why do you need an Amazon Hub locker?

Having an on-site Amazon Hub Locker can benefit your business by adding convenience for customers. They can direct their package delivery to your location for no additional cost and pick up their packages while also meeting their needs from your business. This results in a 'two for one' convenience.
