

Coal company solar

Are coal plants transforming to solar energy?

The same transition to clean energy is happening at coal plants across the country. In Illinois alone, 11 plants will close over the next three years and be converted to solar farms or battery storage. In Louisiana, where a coal plant closed last year, a new solar farm is planned that could power 45,000 homes.

Will solar power replace Sherco coal plant?

The power will help replace the outgoing Sherco coal plant. Crews work to construct a solar facility near the Sherburne County Generating Station, also known as Sherco, a large coal-fired power plant on Dec. 8 in Becker, Minn. (Anthony Souffle)

Will Xcel Energy replace a coal-fired coal plant with a solar farm?

Crews work to construct a solar facility near the Sherburne County Generating Station, also known as Sherco, a large coal-fired power plant on Dec. 8 in Becker, Minn. (Anthony Souffle) Xcel Energy's ambitious plan to help replace a massive retiring coal plant with one of America's largest solar farms is almost a reality.

Could a coal-to-solar project be the biggest utility-scale solar project in the country?

The mountain is poised for another transformation. Hundreds of acres are set to be blanketed with solar panels in the coming year, installed by locals, many of them former miners. The \$231 million project, which recently cleared its last regulatory hurdle, may well be the biggest utility-scale coal to solar project in the country.

Where is the largest coal power plant in Minnesota?

Towering over Becker, a community of a little more than 5,000 people northwest of Minneapolis, is one of the nation's largest coal power plants. It is being replaced -- to the dismay of some residents -- with thousands of acres of solar panels and a test of long-duration batteries.

Could a new solar farm atop a shuttered coal mine bring green energy jobs?

In Martin County, Ky., where coal production has flatlined, entrepreneurs are promising that a new solar farm atop a shuttered mine will bring green energy jobs. Adam Edelen has a plan to install solar panels on the restored top of the Martiki coal mine in Martin County, Ky. Maddie McGarvey for The New York Times
MARTIN COUNTY, Ky.
