The company targets a global annual nameplate capacity of 25 GW by 2026. As the largest US-headquartered solar PV manufacturer, it has demonstrated its commitment to innovation by investing \$1.5 billion in R& D. In May 2023, First Solar purchased the Swedish perovskite technology company Evolar for \$38 million. [14]

Unless you already have a copywriter or three on staff, contracting with a freelance technology writer saves you the hassle and overhead of hiring another employee. Using copywriting-as-a-service is often the best choice. It's a cost-effective model that works no matter how small or large, new or old, your cleantech company.

It's easy to see the appeal of this approach - especially for solar companies with very tight marketing budgets.

Copywriting solar company solar company

Greater Incentive to Produce Results; In theory, a copywriter will work harder if he has a stake in the outcome. After all, there's potentially no payoff if he only achieves 99.999% of what you've asked him to do.
