

Distributed systems are collections of independent computers that work together to achieve a common goal. From cloud computing to online shopping, distributed systems power many essential services. However, they ...

The Distributed Energy Buyback Scheme (DEBS) offers eligible customers a payment for electricity they export to the grid, including from rooftop solar PV systems, batteries and electric vehicles. The DEBS pricing structure ...

On this basis, power flow tracking technology is further introduced to conduct a detailed analysis of distributed energy power allocation, providing support for system operation optimization and ...

The Khatam University is proud to host the 14th International Conference on Smart Energy Grids (SGC 2024) in collaboration with the Iranian Smart Grids Association (ISOSG). The conference will be held on December ...

Regarding the role of power network in the resiliency of urban areas, it is essential for authorities to have fast estimate of the seismic reliability of electric grid. Therefore, there is an appeal for ...

TEHRAN - Iran's largest solar power plant located in central Tehran is nearing completion and will soon come online as part of a sweeping national push to expand renewable energy, a ...

Comprehensive power system studies are crucial to the longevity of your operations, and TRC has the hands-on knowledge necessary to complete in-depth analyses of the issues related to your electric delivery system. Our work ...

In the interconnection and optimized operation of the classical hybrid AC/DC microgrids (HMG), the conventional line-frequency transformer cannot block grid faults and comprehensively ...

Transformative solutions for a reliable, resilient and intelligent energy future. The falling costs and growing adoption of distributed energy resources (DER) such as renewable energy, storage systems and microgrids ...

Distributed energy companies are transforming today's grid by creating a dynamic, decentralized model for generating and distributing energy. With over 50 years of experience, TRC offers multidisciplinary expertise to ...
