Do solar panels need insurance

Do I need insurance if I install solar panels?

Yes,you should always let your insurance provider know about any significant changes you make to your home - including fitting solar panels - to ensure you're sufficiently covered. As well as improving your home's market value,installing solar panels is likely to increase your home's rebuild value.

Are solar panels covered by home insurance?

Whenever you're making significant changes to your home,it's always a good idea to contact your home insurance provider to let them know. If you've added solar panels,or are thinking of doing so,give your provider a call. The good news is that a lot of the time they are covered as standard by home insurance policies.

What is solar panel insurance?

Solar panel insurance is cover that protects you from the financial blow of your system getting stolen, damaged, or destroyed in numerous specific ways. If you successfully claim on solar panel insurance, you'll get a payout to help you to repair or replace your system.

Should I tell my home insurance provider if I have solar panels?

At Sunsave,we strongly recommendthat you tell your home insurance provider once you have solar panels,just like you would after any other significant modification to your property. It may increase how much you pay for insurance,as solar panels can raise the value of your home.

Will installing solar panels affect my home insurance?

Installing solar panels will be classed as making major changes to your home. So you'll need to inform your insurer to make sure you remain adequately covered. Solar panels will increase the cost of rebuilding your home. But,although this increase to rebuild costs could drive-up your premiums,it shouldn't be by much.

How much does solar panel home insurance cost?

The annual cost of solar panel home insurance ranges from £118 to £152,which seems reasonable compared to the potential risks. Once you decide to install solar panels,inform your home insurer. Solar panels contribute to rebuilding your home's value,so it's important to list them in the insurance coverage.
