

China has begun building a submerged data centre off the coast of Shanghai, aiming to reduce electricity consumption and environmental impact by using seawater for cooling and offshore ...

Australian and New Zealand data centre giant CDC has enlisted advisers from Barrenjoey Capital Partners as it seeks to secure a major debt deal to support its rapid expansion plans, ...

APAC data centre platform Princeton Digital Group (PDG) has signed a definitive agreement with New York-based alternative investment firm Stonepeak for a US\$1.3 billion preferred equity ...

1 Recently, Chevrolet officially announced the official images of Corvette SoCal concept car. This cutting-edge design and future technology-focused vehicle immediately captured global ...

Macquarie Asset Management has closed its Macquarie European Infrastructure Debt Fund (MEID) with EUR1.2 billion (US\$1.4 billion) raised. An additional EUR2.3 billion (US\$2.67 billion) was ...

In this integrated microgrid design, the hydrogen module could be efficiently organized as a storage asset, inheriting generic behaviours and methods from this class, while also being ...

Power Available Now: Microgrid Design Integrating Behind the Meter, Grid Connection and Wind for Resilient AI Infrastructure with Substation and Switching Station on Site for Data Centers or ...

Off grid investment: New study reveals microgrid efficiency and cost benefits As power challenges impact Europe's AI data centre hotspots, adopting microgrid independent power can be a ...

Malaysia will introduce a data centre framework in October aimed at streamlining policies and guiding the development of the sector, according to the country's trade and digital ministries.

Among various types of micro grids, direct current (DC) micro grids have emerged as a promising alternative to conventional AC grids, offering numerous advantages in terms of efficiency, ...

In a recent interview with The Tech Capital at Digital Garden 25, Pdraig MacColgain, vice president and head of APAC at Colt DCS, shared insights into Japan's burgeoning data centre ...

Detailed info and reviews on 19 top Microgrids companies and startups in United States in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

Degradation modelling of specific hydrogen electrochemical components integrated into microgrid design

Dominica microgrid design

enabling state of health changes of assets based on dynamic operation resulting from ...
