The Electrolux Ergorapido Pet Vacuum (available at Amazon for \$189.00) seeks to be a lightweight, compact, and simple-to-use floor cleaner. At a job interview, the Ergorapido would highlight that it can clean tight spaces, effortlessly glide across floors, and offers enough battery life to go over the whole house.

With the Electrolux Ergorapido there is no limit to where you can clean. Its flexible 2-in-1 design with a detachable handheld unit lets you clean areas above the floor such as countertops, furniture and hard to reach areas. ... Ergorapido features high performance Lithium TurboPower battery for optimal cleaning performance and longer run time ...

With lithium battery you can also vacuum for up to 45 minutes in regular setting. ... Contact the Electrolux Team today 13 13 49 MON to FRI 8am - 7pm AEST SAT 9am - 2pm ...

The problem with Electrolux Ergorapido 2904 lithium battery is the cheap implementation. One of the very basic things about li-ion batteries is charging needs to be controlled on individual cell level. Otherwise they will go out of sync, some cells will overcharge while some are not fully charged. Ergo, This will break the battery rapidly.
