

HO CHI MINH CITY, Vietnam, July 3, 2025 /PRNewswire/ -- Vietnam takes a bold step forward in its clean energy transition as the country's largest renewable energy event, Solar & Storage...

This study focuses on optimizing the placement and sizing of solar-based distributed generators (SDGs), soft open point (SOP), and battery energy storage systems (BESS) within the Nha Be ...

The Energy Storage Market is expected to reach USD 295 billion in 2025 and grow at a CAGR of 9.53% to reach USD 465 billion by 2030. Contemporary Ampere Technology Co. Ltd. (CATL), Tesla Inc., LG Energy ...

Solar & Storage Live Vietnam 2025 stands as a powerful testament to the nation's commitment to clean energy innovation. The event is supported by a strong coalition of local partners and ...

Last week, our Managing Director Thomas Jakobsen joined two high-level panels at the annual Solar & Storage Live Vietnam 2025, sharing practical insights into Vietnam's energy sector ...

Lead Proponent Alternative Resource Energy Authority Project Objectives The objective of this project is to better align end user electricity demand with municipally owned renewable ...

AGL Energy has completed the acquisition of 100% ownership in South Australia (SA)'s Virtual Power Plant (SAVPP) from Tesla. This allows AGL to add a substantial network of residential ...

Breadcrumb Library Blog View Blog Environmental Advisory Council Explores Shifting Federal Policy, Shrinking Margins, Large Load Flexibility & Battery Storage July 18, 2025 The NYISO...

In this guide, energy storage system experts provide a complete overview of Battery Energy Storage Systems (BESS), covering definitions, technology types, primary use cases, benefits, ...

In 2025, the global energy landscape is undergoing a radical transformation. Businesses, governments, and communities are increasingly shifting from centralized grids to decentralized solar energy and decentralized smart energy ...

On the second panel: Vietnam's energy storage market: Business opportunities and collaboration potential, we believe that some challenges remain but there is a path forward for BESS. C& I ...

The challenge with Renewable Energy sources arises due to their varying nature with time, climate, season or geographic location. Energy Storage Systems (ESS) can be used for storing available energy from Renewable ...

Sungrow, a leading name in solar inverter and energy storage systems, has secured a significant partnership to propel Saudi Arabia's ambitious Vision 2030 plan. The company will supply a massive 160MW/760MWh ...

Projections indicate that Saudi Arabia aims to operate 8 GWh of energy storage projects by 2025 and 22 GWh by 2026, positioning the nation as the third-largest global market for energy storage, following China and the ...

PUTRAJAYA (Nov 28): The bidding for the development of Battery Energy Storage Systems (BESS) for the electricity supply system in Peninsular Malaysia will open Friday, according to the Energy Transition and Water ...

In the "SUREVIVE" project, a consortium from research and the energy industry is investigating for the first time in the German distribution grid how grid-forming inverters and a large battery storage system can stabilize the electricity grid.
