

Offshore wind power Renewable energy Carbon capture and storage One Big Beautiful Bill Act (USA) Organisations Internal Revenue Service (USA) Laws Inflation Reduction Act 2022 ...

Agência Nacional de Energia Elétrica (ANEEL), Brazil's electricity regulator, will publish initial energy storage regulations in the second half of 2025, with two additional consultation ...

Ecuador is rapidly emerging as a promising market for solar battery storage, driven by growing demand for clean, stable, and off-grid energy solutions. With high solar irradiance and rising ...

Electric vehicle charging infrastructure in Ecuador is facing a regulatory "blind spot": 20 kW direct current (DC) chargers are not covered under the current regulations. This omission prevents ...

India-UK Vision 2035: Nations to Deepen Collaboration on Energy Storage, Grid Transformation Under the India-UK Vision 2035, the two countries aim to drive ambitious energy security and ...

Spanish utility Cox Group has secured concessions in Ecuador to develop eight renewable energy and infrastructure projects totaling over US\$700 million in investment. The projects include ...

Neopentane, a branched alkane with the chemical formula C<sub>5</sub>H<sub>12</sub>, has emerged as a promising candidate for advanced battery storage solutions. The evolution of battery technology has ...

On July 17, Gotion High-Tech, a Chinese battery manufacturer, launched production of its 5MWh Gotion GRID energy storage system at its Göttingen, Germany facility, as announced on its ...

This comprehensive guide will help residential solar & energy storage installers/distributors avoid common solar battery installation mistakes, ensuring long-term, reliable energy storage ...

Tomorrow's clean and renewable electric grid will be built on a foundation of flexible, responsive energy storage technologies. Supporting the equitable scale-up of those technologies, and the development of applications ...

Existing battery projects in California and Texas see upside, while hybrid storage bets in the Midcontinent Independent System Operator (MISO) territory and the Southeast face shrinking margins under the revised tax credit rules.

Daniel Danna, rapporteur for regulator the Agência Nacional de Energia Elétrica's (ANEEL) Public Consultation 39, of 2023, told Brazil's Chamber of Deputies initial energy storage rules would ...

Quito, July 2025 -- Ecuador's equatorial location (4°S-2°N) generates radical solar intermittency: dry-season irradiance peaks at 6.4 kWh/m<sup>2</sup>/day (June-September) versus humid-season lows ...

A. Tax credits relevant for energy storage projects Among others, the following three tax credits are especially relevant to energy storage projects. All are impacted by the Prohibited Foreign ...

EU nations adopt more flexible winter gas storage rules (Montel) The EU Council adopted more flexible rules to fill gas storage sites to 90% of capacity between 1 October and 1 December in ...

Recently, the German Federal Court of Justice (BGH) issued a landmark ruling confirming that local grid operators have the right to charge grid connection fees (BKZ) for energy storage projects. This decision not only directly impacts the ...

The core of the dispute involves a set of new regulations from St. Clair County that label large-scale solar energy facilities as a potential health hazard. According to the county, these solar ...

The Road Ahead Ecuador's energy infrastructure stands at a crossroads. The vulnerabilities of SOTE and the climate-driven disruptions it faces are emblematic of a broader crisis in ...

The Fertilizing Products Regulation (FPR), which came into effect on 16 July 2022, sets the rules for the safety, quality, and labelling of fertilizer products within the EU and provides a pathway ...

Agência Nacional de Energia Elétrica (ANEEL), Brazil's electricity regulator, will publish initial energy storage regulations in the second half of 2025, with two additional consultation phases ...

The European Industrial Strategy to retain the EU as global centre for automotive & energy storage innovation and competitiveness; bolster Europe's resilience and strategic autonomy in critical industrial sectors and support the ...

Spanish utility Cox Group (BME:COXG) has secured concessions in Ecuador to develop eight renewable energy and electric infrastructure projects representing an investment of more than ...
