

# Free home solar panels

Does the Department of energy offer free solar panels?

The Department of Energy and the Solar Energy Technologies Office have got you covered! The Department of Energy is aware of claims of offers for free solar panels or that solar companies must provide solar panels for free if requested.

Can free solar panels bring you in on a deal of lifetime?

Sunlight is one of the most widely available resources on the planet. With recent investments and advances in solar energy technology, more Americans than ever before can harness the sun's rays and power up their homes and businesses. Riding this historic trend, some are even claiming they can bring you in on a deal of lifetime: free solar panels.

Are free solar panels worth it?

"Free" solar panels will save you money because energy from solar power is usually less expensive than energy from the electrical grid. Keep in mind, however, that these savings from solar energy are possible regardless of if your solar panels are leased versus purchased. The long-term cost savings help you determine if solar panels are worth it.

Are free solar panels a lie?

While the word "free" implies there are no associated costs, this is not usually the case with free solar panel offers. "I have never seen an advertisement offering free solar that is not a lie," said Neil Gallagher of Brighterway Solar, a solar installation company in Florida.

Are "free" solar panels a good idea?

The concept of "free" or "no-cost" solar panels really is too good to be true. "Free" solar panels are essentially rented from solar companies. While you will reap the benefits of cheaper electricity bills through solar power, you do not own the panels; the solar company does. Once your lease agreement is up, the panels will be removed.

Are free or no-cost solar programs a good idea?

If you're hearing about "free" or "no-cost solar programs," you're likely being fed a cheap sales pitch to tempt you into signing a solar lease, or a power purchase agreement. These solar financing options have some merit, but not when they're pitched by shady companies as free panel programs.
