

Freudenberg e power systems

Who is Freudenberg E-Power Systems?

As a benchmark-setting e-mobility solutions provider, Freudenberg e-Power Systems designs, develops, and manufactures high-performance battery and fuel cell systems with exceptionally long operational lifetimes.

Why should you choose Freudenberg E-Power Systems?

As one of the world's leading providers of sustainable power for heavy-duty applications, Freudenberg e-Power Systems has the battery and fuel cell solution that is right for you. The unique flexible and modular design of our battery systems makes them suitable for a wide range of applications, backed by an industry-leading warranty.

What's happening at Freudenberg E-Power Systems?

A story of new partnerships and a giga factory for battery packs: There is a lot happening at the new business unit Freudenberg e-Power Systems as e-mobility continues to make inroads into the heavy-duty sector. Freudenberg has consolidated its expertise to meet the rising demand for zero-emission solutions.

Does Freudenberg E-Power Systems' new business unit pay off?

The new business unit Freudenberg e-Power Systems (FEPS) has been bundling the company's battery and fuel cell business into one organization since last year. The latest developments show why the move has paid off.

Why is LG Energy Solution partnering with Freudenberg E-Power Systems?

"The partnership with LG Energy Solution strengthens our world-leading battery products for the bus and truck market. Together we are in a position to offer our customers a unique lineup especially tailored for the market's demanding requirements," said Max Kley, CEO of Freudenberg e-Power Systems.

Does Freudenberg supply lithium-ion batteries?

Freudenberg e-Power Systems (FEPS) and LG Energy Solution (LGES) have signed a multi-year contract to supply lithium-ion battery modules. This is Freudenberg's response to increasing demand from its truck and bus customers in North America and Europe.
