

History of the battery wikipedia

Your History lists the pages you've visited on Chrome in the last 90 days. It doesn't store: If you're signed in to Chrome and sync your history, then your History also shows pages you've visited on your other devices. If you don't want Chrome to save your browsing history, you can browse in Incognito mode.

Meet call history is centrally backed up on Google servers and synced across all devices you're logged into with that account. This allows you to view, delete, and export your Meet calls from any device you use.
