How much does a generator cost?

There are plenty of brands willing to provide a generator on a temporary basis. HSS Hire, for example, provides petrol, diesel and portable generators - a 1.6kVA portable generator would cost around £76 for a day, or £110 for a week. Building material retailer Jewson also hires out portable generators.

How much does a diesel generator cost?

If you only need to power a couple of smaller emergency appliances during a power cut, you might find that a diesel generator is overkill. Prices for portable generators start at around £160 but can go up to £2,000 or more. Popular portable generator brands include Anker, Draper, Impax and Kohler.
