

How much money will be lost in the photovoltaic panel scam

Are 'upselling scams' causing a surge in solar panel fraud?

However, homeowners making the most of the Government's solar panel drive have increasingly fallen victim to conmen. Citizens Advice has warned of a surge in solar panel fraud, particularly "upselling scams" in which cold-callers convince customers to upgrade technology they already have to meet fabricated legal "standards".

Are solar panels a scam?

This feature is available for registered users. Please register or log in to continue Households with solar panels are at increased risk of being scammed as new figures show a sharp rise in fraudsters tempting victims with energy-saving deals.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways 'fake' solar companies have targeted consumers - whereby they take a hefty deposit and then never turn up to carry out the installation. This is common solar scam.

Are solar panels too expensive?

Read more: Find out how much solar panels cost. We've worked with the Royal Institute of Chartered Surveyors and surveyed more than 1,000 solar panel owners to give you costs by system size, house type and electricity production. Whether you feel that solar panels are 'too expensive' also depends on what you get in return.

Can solar panels recoup your money?

While some customers have managed to recoup their money, many have not. Brian Thompson, a painter and decorator from Gateshead, lost £2,400 after a salesman from PV Solar UK promised him that after an initial outlay the profits from solar panels would boost his retirement pot. "I told him I was due for retirement," he says.

Did solar panels go out of business?

Some 10 per cent of the homeowners surveyed said a cold caller told them the company that installed their solar panels had gone out of business, when this wasn't true. If unsure, customers should try contacting their solar panel installer to verify this claim. Check its website and try the contact information it left at installation.
