

Intellitec power management system

ENCLOSED ENERGY MANAGEMENT EQUIPMENT MODEL 700 50 AMP SERVICE by MADE IN THE U.S.A. Intellitec 6 M A I N M A I N 1 1 4L54 R LISTED C US 100 Amp EMS Distribution Panel P/N 00-00997-000 The 0AMP SMART EMS Model is a centralized power switching, fusing and distribution center. Power from the 120/240 volt power source is fed into the box.

Power Management System Control Board for 50 Amp EMS Display Panel by Intellitec®;. Intellitec are designers and manufacturers of electronic and electromechanical systems predominantly for the special vehicle and marine markets in the USA and various other countries across the world.

Intellitec's Automatic Energy Selector Switch allows two 20-Amp loads to share a single 20-Amp breaker on a RV's electrical system. This intelligent energy management device automatically switches two AC loads as the demand requires. An example of this would be if your microwave, a temporary load, was on the same breaker as your HVAC system....
