

# JA Solar Photovoltaic Panel Policy

What are JA Solar modules?

JA Solar Modules are designed to meet the requirements of IEC 61215:2016 and IEC 61730:2016, application class A. Modules rated for use in this application class may be used in system operating at greater than 50V DC or 240W, where general contact access is anticipated.

Can JA Solar make changes to the product specifications or installation manual?

JA Solar reserves the right to make changes to the product, specifications or installation manual without prior notice. Failure to comply with the requirements listed in this manual will invalidate the Limited Warranty for Modules as provided by JA Solar at the same time of sale to the direct customer.

What is included in the JA Solar Module installation manual?

Thank you for choosing JA SOALR Modules! This Installation Manual contains essential information for electrical and mechanical installation that you should know before handling, installing JA Solar Modules. This Manual also contains safety information you need to be familiar with.

Can JA Solar modules corrode?

JA Solar Modules have passed the IEC 61701 salt-mist, but galvanic corrosion can occur between the aluminum frame of the Modules and mounting or grounding hardware if such hardware is comprised of dissimilar metals. JA Solar recommends that only stainless steel and aluminum metal directly contact Modules in seaside installations to limit corrosion.

How to unpack JA Solar modules?

Store pallets in a ventilated, rain-proof and dry location until the Modules are ready to be unpackaged. Please unpack the package of JA Solar Modules according to "JA Solar Modules Un-Pack Instruction". Do not lift the Modules by grasping the Module's junction box or electrical leads in any condition.

Do JA Solar modules need a dc cathode?

For optimal performance, JA Solar Modules should only be used in configurations where the DC cathode of the Modules array is connected to ground. Failure to comply with this requirement will reduce the performance of the system and invalidate JA Solar's Limited Power Warranty for Modules.
