

What is the Journal of energy storage?

The Journal of Energy Storage focusses on all aspects of energy storage, in particular systems integration, electric grid integration, modelling and analysis, novel energy storage technologies, sizing and management strategies, business models for operation of storage systems and energy storage developments worldwide.

What is the energy storage SJR (SCImago Journal Rank)?

The Energy Storage has an SJR (SCImago Journal Rank) of 0.406, according to the latest data. It is computed in the year 2024. In the past 5 years, this journal has recorded a range of SJR, with the highest being 0.406 in 2023 and the lowest being in 2021.

What is the rank of energy storage?

The overall rank of Energy Storage is 12860. According to SCImago Journal Rank (SJR), this journal is ranked 0.406. SCImago Journal Rank is an indicator, which measures the scientific influence of journals. It considers the number of citations received by a journal and the importance of the journals from where these citations come.

How many articles have been cited by Journal of energy storage?

Journal of Energy Storage is cited by a total of 45142 articles during the last 3 years (Preceding 2023). The Impact IF 2023 of Journal of Energy Storage is 9.64, which is computed in 2024 as per its definition.

Where is energy storage published?

Energy Storage is published by John Wiley and Sons Inc.. Its publishing house is located in United States. Coverage history of this journal is as following: 2019-2023. The organization or individual who handles the printing and distribution of printed or digital publications is known as Publisher.

What is the acceptance rate of a journal of energy storage?

Acceptance rate is the ratio of the number of articles submitted to the number of articles published. Researchers can check the acceptance rate on the journal website. Alternatively, they can contact the editor of the journal. The impact factor of journal of energy storage is 8.9. The journal of energy storage is a reputed research journal.

"The Energy Journal" is the official bi-monthly journal of the IAEE. It was founded in 1980 to promote the advancement and dissemination of new knowledge concerning energy and related topics. The editors strive to publish a blend of theoretical, empirical and policy related papers in energy economics. ... The users of Scimago Journal & Country ...

Article from the Special Issue on Energy storage and Enerstock 2021 in Ljubljana, Slovenia; Edited by Uros Stritih; Luisa F. Cabeza; Claudio Gerbaldi and Alenka Ristic; Article from the Special Issue on Battery and Energy Storage Devices: From Materials to Eco-Design; Edited by Claudia D'Urso, Manuel Baumann, Alexey Koposov and Marcel Weil

The Journal of Energy Engineering reports on the scientific and engineering knowledge in the planning, development, management, and finances of energy-related programs. ... the production, distribution, and storage of energy. Multidisciplinary subjects are especially encouraged. Original contributions are encouraged in, but not limited to, the ...

The Journal Of Energy Storage is a research journal that publishes research related to Energy; Engineering. This journal is published by the Elsevier BV. The ISSN of this journal is 2352152X. Based on the Scopus data, the SCImago Journal Rank (SJR) of ...

Aim and Scope. The Energy Storage is a research journal that publishes research related to Energy. This journal is published by the John Wiley and Sons Inc.. The ISSN of this journal is 25784862. Based on the Scopus data, the SCImago Journal Rank (SJR) of energy storage is 0.302.. Also, please check the following important details about energy storage: Publisher, ...

The journal of Hydrogen, Fuel Cell & Energy Storage (HFE) is a peer-reviewed open-access international quarterly journal in English devoted to the fields of hydrogen, fuel cell, and energy storage, published by the Iranian Research Organization for Science and Technology (IROST) is scientifically sponsored by the Iranian Hydrogen & Fuel Cell Association () and the ...

Energy Storage Materials is a journal published by Elsevier BV. This journal covers the area[s] related to Energy Engineering and Power Technology, Materials Science (miscellaneous), Renewable Energy, Sustainability and the Environment, etc. The coverage history of this journal is as follows: 2015-2022. The rank of this journal is 250. This journal's ...

Frontiers in Energy is an international journal that presents frontiers, innovation, and interdisciplinary research in energy science and engineering.. Covers all main branches of energy science and engineering. Publishes a variety of article types including review, original research articles, perspectives, news & highlights, and viewpoints.

Know all about JOURNAL OF ENERGY STORAGE - Impact factor, Acceptance rate, Scite Analysis, H-index, SNIP Score, ISSN, Citescore, SCImago Journal Ranking (SJR), Aims & Scope, Publisher, and Other Important Metrics. Click to know more about JOURNAL OF ENERGY STORAGE Review Speed, Scope, Publication Fees, Submission Guidelines.

Aim and Scope. The Journal Of Energy Storage is a research journal that publishes research related to Energy; Engineering. This journal is published by the Elsevier BV. The ISSN of this journal is 2352152X. Based on the

Scopus data, the SCImago Journal Rank (SJR) of journal of energy storage is 1.456.. Also, please check the following important details about journal of ...

Scope The International Journal of Energy Research (IJER) is dedicated to providing a multidisciplinary, unique platform for researchers, scientists, engineers, technology developers, planners, and policy makers to present their research results and findings in a compelling manner on novel energy systems and applications.

The Journal of Energy Storage focusses on all aspects of energy storage, in particular systems integration, electric grid integration, modelling and analysis, novel energy storage technologies, sizing and management strategies, business models for operation of storage systems and energy storage ... View full aims & scope

The Journal of Energy Storage focusses on all aspects of energy storage, in particular systems integration, electric grid integration, modelling and analysis, novel energy storage technologies, sizing and management strategies, business models for operation of storage systems and energy storage developments worldwide.

Energy Technology provides a forum for researchers and engineers from all relevant disciplines concerned with the generation, conversion, storage, and distribution of energy. This new journal shall publish articles covering all technical aspects of energy process engineering from different perspectives, e.g., new concepts of energy generation ...

Energy Storage provides a unique platform for innovative research results and findings in all areas of energy storage, including the various methods of energy storage and their incorporation into and integration with both conventional and renewable energy systems. The journal welcomes contributions related to thermal, chemical, physical and mechanical energy, with applications ...

The Journal of Energy Storage focusses on all aspects of energy storage, in particular systems integration, electric grid integration, modelling and analysis, novel energy storage technologies, sizing and management strategies, business models for operation of storage systems and energy storage ... Shengjun Peng, ... Xianfeng Du Zhuoer An, ...

Discover Energy is an open access journal publishing research across the full range of disciplines concerned with energy and the science and technology of energy research.. Indexed in DOAJ. Covering theory, development and applications in the field of energy and fuel. A Discover journal focused on speed of submission and review, service, and integrity.

International Scientific Journal & Country Ranking. SCImago Institutions Rankings SCImago Media Rankings SCImago Iber SCImago Research Centers Ranking SCImago Graphica Ediciones Profesionales de la Informaci&#243;n

Energy Storage Materials is an international multidisciplinary journal for communicating scientific and technological advances in the field of materials and their devices for advanced energy storage and relevant

energy conversion (such as in metal-O<sub>2</sub> battery). ... SCImago Journal Rank (SJR indicator) is a measure of scientific influence of ...

The journal also welcomes papers on related topics such as energy conservation, energy efficiency, biomass and bioenergy, renewable energy, electricity supply and demand, energy storage, energy in buildings, and on economic and policy issues, provided such topics are within the context of the broader multi-disciplinary scope of Energy.

International Journal of Energy Production and Management (IJEPM) is an international, scholarly and peer-reviewed journal dedicated to addressing the challenges and opportunities of energy production and management in modern societies. The journal aims to provide an interdisciplinary forum for researchers and practitioners from around the world to share their knowledge and ...

M Hannan, PhD. Sunway University, Bandar Sunway, Malaysia.
