

# Livguard solar inverter 5kva price

What is livguard grid interactive inverter?

Livguard Grid Interactive Inverter is a state of the art technology that converts DC power from solar to AC power with the inherent ability to synchronize with the utility grid. Its interface with net metering allows it to sell excess solar power back to the grid. Inverters made with smart remote monitoring.

How efficient are livguard solar inverters?

India's Livguard Solar has unveiled new single-phase, wall-mountable inverters for residential PV applications. These grid-interactive inverters are available in rated power outputs of 3 kW and 5 kW, and efficiencies of 97.7% and 98%, respectively. The MPPT efficiency is up to 99.9%.

Why should you buy a livguard inverter battery?

With our Inverter at your home, say goodbye to the problem of frequent power cuts and enjoy a smooth, steady flow of energy to power your day-to-day routine. "Purchased Livguard's Inverter Battery after a thorough research, and it's safe to say Livguard is the leading brand in energy solutions based on their prices and performance."

How does livguard solar work?

Experience uninterrupted power at all times for your home with Livguard Solar. Experience a seamless flow of energy, harnessed from the sun with Livguard Solar. Switch between inverter and mains connection without any hassles or interruptions for an assured peace of mind.

Why should you choose livguard on-grid inverters?

On-grid inverters made with a sleek and lightweight design that not only looks modern but also offers convenience in installation and handling, making your solar journey effortless. Experience peace of mind with an assured warranty of 10 years with Livguard On-grid inverters.

Why should you choose livguard solar?

Experience a seamless flow of energy, harnessed from the sun with Livguard Solar. Switch between inverter and mains connection without any hassles or interruptions for an assured peace of mind. With In-built safety for high temperatures, smoke, and reverse polarity, enjoy limitless energy at home with no fret.

Built to provide an experience backed with efficiency, enjoy uninterrupted power from Solar with Livguard On-Grid Inverters. 3 Stage Battery Charging Inverters made with float, bulk and equalization to ensure a longer battery life and seamless operation for your home appliances.
