

Long battery

Not all smartphones have the same size battery, or the same charging capabilities. If you want the phone with the longest battery life, look for smartphones with the most mAh like the Samsung Galaxy S23 Ultra, Galaxy A54 5G, and the Galaxy Z Fold5. The more mAh a mobile phone has, the longer a phone can last between charges.

Longest battery. The Dell XPS 13 features the longest lasting battery that we've ever tested. Not only is it long lasting but it also features strong performance and a bright ...

Impressive Battery Life: The Mavic Air 2 stands out as one of the longest battery life consumer drones on the market, with a remarkable flight time of up to 33 minutes. This extended endurance ensures that I can capture more aerial footage on a single charge.

If there was any product revealed at CES last week that pushed battery life claims to a whole new level--and raised some eyebrows too--it was HyperX's pair of 300-hour headphones. The wireless ...
