

THE country's Seeds and Plant Varieties Regulation's are fully aligned to the harmonised Common Market for Eastern and Southern Africa (COMESA) Regulation's. This was revealed ...

However, in the context of microgrid, the misleading information spread by honeypots will also impact the system performance. This paper proposes an attack-resilient distributed control for ...

Une étude révèle les facteurs clés qui influencent les taux de décès
périnataux ; Lusaka. La mortalité périnatale est un gros problème de santé dans le...

Interconnecting microgrids into the power frameworks forces significant difficulties concerning solid activity and control. Solid activity means having the option to deal with the microgrid in its ...

The centralized control is one in which central system manages all operations making it efficient but vulnerable to single-point failures [34 - 37]. In decentralized control, each component is ...

This paper proposes an adaptive secondary control strategy for islanded AC microgrids (MGs) using Distributed Stochastic Deep Reinforcement Learning (DSDRL), targeting reliable ...

Microgrids (MGs) integrating renewable energy sources (RESs), plug-in hybrid electric vehicles (PHEVs), battery storage, and proton exchange membrane fuel cell-based combined heat and ...

The first microgrid control system that can parallel load-share generators of different sizes, even different manufacturers. Power for the entire system can be monitored and controlled from a single computer interface.

What is GridMind? The tour began with an introduction to OATI's GridMind software, a microgrid control and optimization system that schedules available energy resources and orchestrates ...

Control Relay: Simulates the microgrid's decision-making process, switching between feeding electricity into the grid or using it for hydrogen production, based on real-time electricity market ...

The application of a virtual synchronous generator (VSG) to provide virtual inertia in isolated microgrids has emerged as a promising control strategy for converter-inter-faced renewable ...

Lusaka microgrid control
