

Main access power ionizer system pool treatment system

What is the main access power ionizer?

Description The Main Access Power Ionizer reduces the use of chemicals like chlorine in your pool. It uses silver and copper ions found in the Power Ionizer Chamber and releases these ions into your pool to provide advanced quality pool water. Shock and test your pool on a weekly basis. For Above-Ground Pools, In-Ground Pools, and Hot Tubs/Spas.

What is the Power Ionizer system?

The Power Ionizer system effectively adds copper and silver ions into your pool water. Purchase the whole system and start out right by putting less in your pool. It includes everything you need to keep your pool water in tip top shape.

What is a pool ionizer system?

A pool ionizer system, also called a mineral system, uses copper and silver ions in the product's mineral cell to rid your pool of certain pollutants like algae. Silver ions are more effective for swimming pool bacteria while copper ions keep algae under control.

How much does the power ionizer cost?

\$269.99 The Power Ionizer releases copper and silver ions into your swimming pool water killing bacteria, algae, and viruses. Provide your family with a clear, healthy, and sparkling swimming environment saving you time and money with The Power Ionizer!

What are the benefits of power ionizer?

POWER IONIZER TECHNOLOGY: Improves the clarity and quality of pool water, while eliminating the daily usage of harsh chemicals. **LOW MAINTENANCE:** Easy to install and maintain - to greatly reduce time spend balancing chemicals. **SAFE & NON-CORROSIVE:** Reduces itchy skin, irritated eyes, faded swimsuits, and chemical odors

How do I maintain the natural mineral levels on the power ionizer?

To maintain the natural mineral levels on the Power Ionizer, adjust the dial on the side of the unit. The Power Ionizer offers advanced technology that makes it a low maintenance system; simply set the dial and relax while enjoying your pool.
