What makes sol flower different from other Arizona dispensaries?

Sol Flower is unlike other Arizona dispensaries largely thanks to our incredible employees. We pride ourselves on creating a safe and inclusive community that's approachable for all. Since every cannabis user is different, Sol Flower employees offer a welcoming, personalized experience focused on finding what's right for you.

Who is Trulieve medical marijuana?

Trulieve was one of the state's first medical marijuana operators, launching after Florida lawmakers in 2014 approved non-euphoric cannabis for patients with severe epilepsy. The company blossomed after Florida voters in 2016 passed a constitutional amendment that broadly legalized medical marijuana.

Does Florida have a medical marijuana business?

So that mission hasn't changed," Rivers told The News Service of Florida in a phone interview. Trulieve was one of the state's first medical marijuana operators, launching after Florida lawmakers in 2014 approved non-euphoric cannabis for patients with severe epilepsy.

Can you buy medical marijuana in a dispensary?

For instance, a number of states allow patients to side-step travel issues by permitting legal access to recreational marijuana. Note: This does not mean that patients can make purchases in medical dispensaries (although a few states accept out-of-state medical marijuana cards).

What is a medical marijuana treatment center?

Senate Bill 8A defines medical marijuana treatment centers (also known as MMTCs or dispensaries) as state-licensed medical marijuana centers designed to "ensure reasonable statewide accessibility and availability as necessary for qualified patients registered in the medical marijuana use registry and who are issued a physician certification."

How did Florida protect medical marijuana patients?

Doctors and patients had to register on the Compassionate Use Registry, an online database maintained by the Florida Department of Health. The governor also signed Senate Bill 1700 to protect the privacy of doctors recommending low-THC marijuana and their patients.
