

Metal gear solid 2 can i invert swimming controls

How to play Metal Gear Solid 2 sons of Liberty?

To Start the walkthrough for Metal Gear Solid 2: Sons of Liberty, we start off with the controls for the game. These are the controls for the game. By walking into a wall and holding that direction Snake will press up against the wall. This makes him able to get a better view of doorways and Hide in small gaps.

Does Metal Gear Solid 2 have controls?

Metal Gear Solid 2's controls may not seem entirely logical at first, especially not to those who are new to the series. With time, though, the controls will get easier. It just takes practice. Moves your character around. The further you move the stick, the faster you move.

Why does Metal Gear Solid 2 keep waking up?

Grabbing and dropping a body repeatedly may cause it to drop ammo and supplies, but doing this too often to knocked-out enemies will cause them to wake up. Metal Gear Solid 2's controls may not seem entirely logical at first, especially not to those who are new to the series.

Is Metal Gear Solid 2 rated M?

Metal Gear Solid 2 is rated "M" for MATURE. After all, this game contains a neck, wooly armpits and so on and so forth. Screw it. Who am I kidding? No one listens to me nowadays. *This Metal Gear Solid 2 FAQ/Walkthrough is intended for the US Release. If you own either the PAL or the Japanese version, then this guide may not fully benefit you.

Is the MGS2 commercial a gimmick?

For the Americans, my theory is that the commercial you saw is just a gimmick to persuade you to buy the game (which it succeeded in doing), since Konami knows that most MGS lovers are hardcore Snake fans. They were sure fans wouldn't be too happy to see ol' wimpy boy Raiden. I think this holds true for any MGS2 commercial.

Where can I find the USP suppressor in Metal Gear Solid 2?

that chronicles biographies of the producers of Metal Gear Solid 2 and various commentaries on the game itself from Hideo and others. You can also view the artwork by Yoji Shinkawa, trailers and production notes. - The USP Suppressor can be found in the PAL and Japanese versions. However,

I've gone through the whole game on PC, playing with mouse and keyboard and it went fine, then when I played mission 46 (truth) the y axis with my mouse became inverted, I thought it was because (spoilers) the hospital sequence had different command settings but I'm doing all the side ops now and the y axis is still inverted, what do I have to do to fix this please?

The dreaded swimming scene in mgs2 just got worse thanks to this glitch. Raiden dashes towards the left on his own when you're trying to swim making it really impossible to swim. The bug isn't consistent and sometimes he swims normally this is rarely the case though. The glitch still happens no matter what I'm using to control the game.

For Metal Gear Solid V: The Phantom Pain on the PlayStation 4, a GameFAQs message board topic titled "Rocket Arm is useless without an option to invert Y axis.". Menu. ... Every other game is smart enough to have an "invert flight controls" option. They certainly didn't forget about inverting regular camera controls. But the damn Rocket Arm is ...

In the options menu. Hold left on the touchpad or whatever the equivalent was for options on the xbox or just in the main menu. Has all the same control settings from TPP including speed for view change.

If that's the case it seems like they could patch the option to invert the y-axis on the rocket arm in an update. Who knows. It definitely screws me up when I mess up a shot because I push the joystick the way I've trained myself to in every other game I've played before, and the arm hits the ground or goes flying out of range.

METAL GEAR SOLID V: THE PHANTOM PAIN. All Discussions Screenshots Artwork Broadcasts Videos News Guides Reviews ... settings > camera options > invert y axis #2. YoGGi. Sep 1, 2015 @ 12:23pm Thank you very much man ...
