The evolution of throttle body technology in microgrid operations has been a critical aspect of power system control and management. Initially developed for automotive applications, throttle ...

The Resilient Minneapolis Project (RMP) is a collaborative effort between the City of Minneapolis and local utilities to enhance service in low-income communities by implementing microgrid ...

We're sharing a 2-minute video on our pioneering work to make microgrids more efficient, reliable and secure. The TIGON project will soon be coming to an end. We've got a lot of information ...

Microgrids offer a new approach to power generation and distribution, resulting in unprecedented flexibility and resilience. These localized electrical networks operate independently or in ...

??? ???????????? ??? LAMDA Development, ??? 1? ??? 20 ??????? 2025 ??? ?????????????????? 08.07.2025, 11:49 ???????????? ???????u? ??????????????: ? ??? ???? ?????? ...

It's still early days on what already feels like a long road, but the movement to create a multi-customer microgrid utility for Cuyahoga County, Ohio, moved a huge step forward earlier this ...

In this study, different methods of primary control for current and voltage regulation, secondary control for error-correction in voltage and current, power sharing in a microgrid and microgrid ...

Detailed info and reviews on 27 top Energy & Cleantech companies and startups in Greece in 2025. Get the latest updates on their products, jobs, funding, investors, founders and more.

Looking out over the longer term, Renewvia has much more ambitious solar-storage microgrid development plans. It is in the process of raising capital to finance the first phase of its Africa Microgrid Initiative, which ...

Key players like ABB-Hitachi, Schneider Electric, and Siemens are actively investing in research and development to enhance the efficiency, scalability, and cost-effectiveness of intelligent ...

The WiMCO Tech Summit was created to foster a strong, supportive community within the mission critical industry -- especially for women, though open and welcoming to all (that means you guys). This summit is more than ...

In 2022, we completed the first completely renewable, front-of-the-meter, multi-customer microgrid in California. This groundbreaking system at the Redwood Coast Airport is the model project for PG& E's Community Microgrid ...
