Sport Series Lithium Batteries. Do unto others, as you would have them do to you. The Golden Rule. Here at Millertech, we value this rule and ...

I ordered the 36v 15 AMP On-board lithium charger (3615M). I'm using this charger for my 36v golf cart. Which has three 12.8v 100ah batteries wired in series. It is mounted inside the golf cart battery compartment. The charger has worked great, looks nicely made, and feels to be heavy duty compared to the other comparable chargers on the market.

Lithium battery equivalent to 1,500 Cold Cranking Amps (CCA) of lead acid battery engine starting power. Suitable for automotive and other applications. Marine Outboards: Please refer to your manufacturer recommendations. CHARGE VIA ALTERNATOR Drop in replacement for lead acid and AGM starter batteries for vehicles.

Applications For This Battery The ultimate Trolling motor battery. 70% less weight than AGM, 5000 cycles vs 800 for AGM. Use one for 5+ hours of heavy trolling use. Use 2 for 10+ hours of heavy trolling motor use. Remove those 3 heavy lead acid lunkers today and replace them with the best battery system that the industry has to offer! Bluetooth technology built directly inside ...

It charges quickly and works well however the discharge rate appears to be faster than the Miller batteries. This review is based on limited use since I purchased it 6 weeks ago.
