

Photovoltaic Panel Lease Roof Promotion Agreement

Do you need a lease for PV panels on a residential property?

This guidance provides information for photovoltaic (PV) panel providers and the public about lenders' minimum requirements with respect to consenting to a lease of roof space for the installation of PV panels ('the panels') on the roof of a residential property.

Can I lease a roof space for PV panels?

Anyone considering agreeing to a lease of their roof space for fitting PV panels should be aware that most lenders' mortgage conditions will require the lender's consent to be obtained to any lease.

Can I lease a roof space for solar panels?

If you continue we'll assume you are happy to receive them. Most lenders' mortgage conditions will require the lender's consent to be obtained to any lease. This includes a lease of roof space for solar panels.

What are the UK Finance requirements for solar PV panels?

The minimum UK Finance requirements must be met. In addition, the lease must provide a valid mortgagee break clause which can be exercised on possession. The costs of removing the Solar PV Panels and making good any damage on exercise of the break clause must be the responsibility of the Solar PV Panels provider.

What are the requirements for a solar panel lease?

The additional requirements are (1) that the buildings insurer has been notified of the installation of the solar panel equipment; (2) that all appropriate consents referred to in paragraph 5 of the UK Finance template letter have been obtained; and (3) a copy of the solar panel lease is provided to us on completion together with the title deeds.

What is a solar panel rent-a-roof scheme?

The Rent-a-Roof scheme lets people who can't otherwise afford solar panels gain access to them, through installers who will setup solar panels on roofs for reduced prices. Installers can then sell any excess electricity generated back to the grid.

The end of the lease agreement is coming up and if I remember right, the idea was that SolarCity is supposed to come and take the panels after 20 years, or give you a buy out option. ... The ...

Your deeds won't mention the panels and they will be included in the sale of the property. However, if you don't own the panels, but lease them under a "rent a roof" scheme, there may be more complications on a sale, and ...
