

/Nb:SrTiO₃ heterojunctions utilizing photovoltaic effects. A high position ...

Abstract The Control of the crystal growth of perovskite plays a crucial role in the performance improvement of perovskite solar cells. In this work, we prepared perovskite with lead acetate ...

These results highlight the potential of MA-free perovskite bifacial solar cells as high-efficiency and stable energy conversion candidate, paving the way for further optimizations in tandem ...

The IEEE Journal of Photovoltaics is a peer-reviewed, archival publication reporting original and significant research results that advance the field of photovoltaics (PV). The PV ...

The injection and shift currents are generalized to the l th-order injection and shift currents for the longitudinal conductivities in the two-band model, where l is the power of the applied electric ...

Photovoltaic Markets and Technology Afin de rpondre aux besoins croissants de l'ensemble de ses parties prenantes -- internes comme externes -- de poursuivre la transition d'une gouvernance portee par ses co-fondateurs ...

Photovoltaic effect journal
