Does solar clear clean solar panels?

Solar Clear offer a complete solar panel cleaning service to both commercial and domestic customers. Solar panels get dirty and the more dirt they build up on the protective glass the less efficient they become. It is now proven that by cleaning and maintaining your solar panels it can save you money and ensure maximum operating efficiency.

Where can I find information about our solar panel cleaning service?

If you require specific information regarding our solar panel cleaning service, please visit our dedicated solar panel cleaning website. We also service all of Ireland with solar panel cleaning and maintenance services. For further details, please click the button to the right. We also provide solar panel cleaning across America.

Why should you hire a professional solar panel cleaner?

Professional solar panel cleaners are trained to work at height. The difference in price covers both the equipment and training necessary to safely clean solar panels above the ground. Before booking a solar panel cleaner, ask for their solar panel cleaning price list so you can compare quotes and understand exactly what you are being charged for.

Do solar PV panels need to be cleaned?

That said, most solar pv panels in the UK will not need any heavy-duty cleaning because regular rain will wash most dirt and grime off the surface, dispelling one of the myths about solar being its difficulty to clean.
