

Photovoltaic panel contract scam

How do you identify a solar panel company to avoid scams?

These tactics may include persistent calls, scare tactics, door-to-door visits, or making unfounded claims about solar benefits. Companies employing such methods prioritize sales over delivering quality service. These are the red flags to identify solar panel companies to avoid scams. Are solar panels a scam?

One of the first signs of a potential scam is unsolicited approaches or door-to-door sales. A reputable solar panel company does not typically use these tactics and instead is more likely to rely on referrals or marketing campaigns. As we mentioned before, another red flag is excessive discounts or too-good-to-be-true offers.

Are solar panel scams common in Florida and California?

Solar panel scams in Florida and California are quite common, as they are in any region where solar energy is popular and incentives are provided. Scammers take advantage of people's limited knowledge about solar systems, providing misleading information that makes it hard for victims to recognize the scam.

Are 'fake' solar companies a scam?

Beware of any company asking you to make a big deposit before they have completed their installation. This is one of the most common ways 'fake' solar companies have targeted consumers - whereby they take a hefty deposit and then never turn up to carry out the installation. This is common solar scam.

What are the most common solar scams?

Here are some common scams to be aware of: 1. Fake Solar Companies Some scammers create fake solar companies, selling solar panel systems without any intention of installing them. They may ask for a big upfront payment and then vanish without doing any work. 2. Identity Theft Scams

Should you choose a solar company to avoid scams?

A lengthy history of lawsuits is another red flag when considering a solar company to avoid scams. These legal issues could involve poor workmanship, unfulfilled promises, or fraudulent practices. Prior to choosing a solar provider, thorough research into any existing lawsuits or complaints is essential.
