Soltec Power Holdings specialized in integrated solar photovoltaic solutions, whose business is focused on solar tracking systems with a strong commitment to innovation.

Do solar tracking systems cost more than a fixed array?

All solar tracking systems will cost more money up front than a fixed array, due to the complexity of the technology. With moving parts, they come with added maintenance costs. It's also worth noting that due to the weight of the equipment, they are too heavy for most roofs, so are only suitable for mounting on the ground.
