What is the best portable solar generator?

Jackery SolarSaga 200(the largest of their SolarSaga series) is my top choice for portable solar panels because it's highly efficient and large enough for plenty of uses. It's also one of the lightest and least expensive for its size. Pair it with the Jackery Explorer 2000 power station,and you get CNET's favorite solar generator.

Are portable solar panels smart?

Portable solar panels aren't all that smart. Whatever blast of sun they are getting will be transmitted directly as power to your power station. So before you purchase a portable solar panel,first look at your power station to see how much solar input it can handle.
