What is the WeChat account verification process?

The WeChat account verification process is a way to make your account official. Followers can see the gold tick and be sure that the account is run by a genuine business. If a business public subscription account is verified then it can be upgraded to a business public service account and the menu can be customised.

Can I open a service account with a wechat account?

But before you think about verifying the account you have to make some choices. If you choose a personal public account, it's not possible to open a service account. Therefore registering a personal public account limits what you can use the WeChat marketing platform for.

How do I register a WeChat personal public account?

To register a personal public account you have to use a Chinese ID number. The ID number does not necessarily need to be the person who owns the account, but has to be a legitimate ID number. It's important to note at this point that a Chinese ID number can only be used to register two different WeChat personal public accounts.

Does WeChat have a push service?

There is no push service on WeChat with a subscription account, but your followers will see a notification when they enter the WeChat platform. A service account allows you to interact with your followers in a different way. You are only able to send one message to your followers every week.

Does WeChat work with a non-China phone number?

Normally a WeChat account is registered by a non-China mobile phone number. Web protocol is only confirmed to work with WeiXin account, which is normally registered by a China mobile phone number. On Nov 10, 2021, 4:11 AM -0800, Huan (???) ***@***.***>, wrote: Are you using a WeChat account, instead of a WeiXin account?

Can a Chinese ID number be used to register a wechat account?

It's important to note at this point that a Chinese ID number can only be used to register two different WeChat personal public accounts. The next difference is the length of time it takes to open the account. A business public account takes up to seven working days to become active.
