UGreen"s 145W power bank is our current top pick. It"s a larger battery pack, but that"s because its big charge capacity makes it so. That trade off allows you to fast charge an iPhone up to five times along with some power to spare for your other smaller devices like AirPods, while a fully-charged 25,000mAh max capacity is enough for a MacBook charge, too.

If you tend to drain out your Apple Watch battery easily (for example due to excessive use) and most of the time its when you are outside traveling, the Griffin Keychain Power Bank could be of help. Not quite an ordinary keychain though. But it has a built-in 1050 mAh capacity battery that would charge your Apple Watch for approximately 2.5 times.
