

Goh commented, "Singapore is aiming to be the regional cleantech hub. We are building up capabilities and investing in research in the areas of urban solar and energy management, which includes microgrids and storage. ...

Google has announced that it has signed a global commercial partnership with Milan-based startup Energy Dome and has also invested in its long duration energy storage (LDES) tech ...

Google enters long-duration energy storage (LDES) with a global commercial partnership and investment in Energy Dome. Energy Dome's CO2 Battery stores clean energy for 8-24 hours, ...

Our steel has long held up SouthEast Asia's skyline. We've also supplied steel for numerous oil & gas projects, even for future-proof energy solutions like wind farms, powering the growth of the region.

Underutilized Solar Energy: The school had already installed a solar system for sustainability, however, without an energy storage solution, excess solar energy couldn't be efficiently stored ...

Background: A special education school located in the Netherlands is dedicated to providing tailored education for young people with behavioral and psychological problems. To align with ...

The Vanda Solar & Battery Project is a utility-scale solar and energy storage development, underpinned by 2,000MW of solar PV installed capacity and 4,400MWh of battery storage, ranking it among the largest ...

Emerging Applications in Advanced Electronics and Energy Storage: Singapore's strategic focus on integrating black phosphorus into next-generation semiconductors, flexible electronics, and ...

In this video, we explore how brick batteries and crushed volcanic rock batteries are transforming energy storage. While lithium-ion batteries have dominated the grid-scale market, they face ...

A Formal Delay, But Urgency Remains On July 18, 2025, the Council of the European Union adopted a regulation delaying the due diligence obligations under Regulation (EU) 2023/1542 to August 18, 2027. The change ...

On July 23, Desay Battery, a leading global provider of comprehensive energy storage solutions, held its mass production launch event in Changsha, China. The event showcased a new ...
