Essential Snapchat statistics and trends for 2023. Advertisers could reach 654.4 million users on Snapchat in April 2023, (a) placing it 8th in our ranking of the world's most "active" social media platforms. (b) What's more, data published in the company's self-service advertising tools shows that Snapchat's advertising reach has grown steadily over the past three months.

Then the friends at the top of that ranking (usually from three to seven people) would be declared your best friends. Unfortunately, Snapchat modified their way of sorting your friends in early 2018. Their revised algorithm is more complicated, taking things like your group chat participation into account.
