We provide solar inverters in Lebanon that are reliable, durable, and designed to last.

How many solar companies are there in Lebanon?

ME Green was one of the early solar-power companies in Lebanon, but the sector has ballooned, from around 150 registered businesses in 2020 to more than 800 today, according to the LCEC's Khoury. These companies work on everything from small household systems--which start at \$2,000 to \$3,500--to projects involving hundreds of panels or more.

Why is solar power so popular in Lebanon?

That goal of encouraging renewable energy in Lebanon has been aided by the fact that solar power is now the most affordable way to generate electricity around the world. The cost has dropped by more than 90% over the past decade, thanks to rapid technology gains and a glut in solar-panel production.

ME Green was one of the early solar-power companies in Lebanon, but the sector has ballooned, from around 150 registered businesses in 2020 to more than 800 today, according to the LCEC's Khoury.
