Is shopsolar a good solar system?

ShopSolar's Delta Pro and roof-mounted panels were the perfect solution. Setup was easy, and the kit included everything needed. The Delta Pro powers my cameras, lights, laptop, and a small fridge with impressive battery capacity. You folks have been wonderful guiding me through the ins and outs of going solar.

Can you get free solar panels from Tesla?

Despite what the ads on Facebook and YouTube say, it is not possible to get free solar panels from Tesla, Home Depot, or the US government. This is a common scam used to gather personal data and/or trick people into signing long-term solar lease agreements that are far less favorable than owning solar panels.

Does going solar cost a lot?

Thanks in part to Solar Energy Technologies Office (SETO) investments, the cost of going solar goes down every year. You may be considering the option of adding a solar energy system to your home's roof or finding another way to harness the sun's energy.
