Is DC Solar a Ponzi scheme?

The plan had many of the hallmarks of a classic Ponzi scheme, but with a twist. DC Solar wouldn't just defraud new buyers to pay earlier ones. By holding itself out as a legitimate solar company, it would give all of them--new and old--cover to drain millions of dollars of tax credits from the U.S. Treasury.

Was DC Solar a scam?

It was the largest criminal fraud scheme in the history of the district, which includes Sacramento and Fresno. According to prosecutors, from 2011 to 2018, DC Solar manufactured mobile solar generator units and, because they used solar energy, buyers could obtain federal tax credits. The reality was much different, authorities say.
