

Solar system mobile template pdf

What is a printable solar system mobile?

The Printable Solar System Mobile was specifically created to accommodate a large multi-age co-op class. While viewing a Solar System slideshow, our science co-op colored, cut, glued, and constructed a paper mobile. Though this mobile is not a typical mobile with moving pieces, it does feature hanging planets and two sides.

What is a solar system mobile?

While viewing a Solar System slideshow, our science co-op colored, cut, glued, and constructed a paper mobile. Though this mobile is not a typical mobile with moving pieces, it does feature hanging planets and two sides. The purpose of this mobile is to put the planets in order from closest to farthest away from the Sun.

How do I make a printable solar system mobile?

As you can see from our finished mobile, the Printable Solar System Mobile isn't too difficult to create and doesn't require a crazy supply list. You will need crayons/colored pencils, scissors, glue, tape, and string of some kind. That's it! After printing, cut around both of your suns.

How do you make a solar system mobile for kids?

Turn these planets and the sun into a solar system mobile for kids. Print two copies of the solar system coloring pages on white card stock. Using markers, crayons or colored pencils, color the sun and planets.

How do I make my own solar system mobile?

Cut out and glue together the matching front and back sides of the Sun and 9 planets to make your own Solar System mobile, then follow the instructions below. If you have not done so already, print and cut out the Solar System shapes and glue the matching sides together (Note: the Sun and planets are NOT to scale).
