How many Solar System and Beyond posters are there?

Download 70 free printable posters. This set includes a view of each planet, the Sun, a selection of moons, dwarf planets, comets and asteroids. Factual information is on the poster backs. Each poster can be downloaded individually as jpg, PDF or TIFF files. Solar System and Beyond Poster Set

What size is a solar system poster?

This free printable solar system poster is a medium size 18" x 24" digital download poster that I think would work really well for decor in a kid's bedroom or playroom in addition to a homeschool or classroom educational setting. I initially had it in a 24" x 36" size but I realized that would be way too large for most people's spaces.

How to create solar system posters for projects?

Creating solar system posters for projects is an exciting and easy activity that kids will love! They can use colorful markers, crayons, and stickers to draw and decorate each planet. Starting with the Sun at the center, they can arrange the planets in the correct order, showcasing their sizes and unique features.

A convenient, useful poster that decorates as it educates! This realistic, 17" x 22" poster features the solar system, including each planet and its orbit around the sun, plus lessons and activities on back.

The Solar System Poster Discover the wonders of the solar system with this vibrant 24" x 36" poster. Bring the universe into your home and explore the planets, stars, and galaxies in incredible detail. Get
