Are SolarCity and Tesla related?

An important fact to remember is that SolarCity and Tesla have been related for years before their 2016 merger. We say "related" quite literally - SolarCity was founded by Elon Musk's cousins Peter and Lyndon Rive. Musk himself has said that it is an "accident of history"; that the two companies were ever built as separate entities.

Why did Tesla decide to buy SolarCity?

The SolarCity decision stemmed from a lawsuit brought by Tesla shareholders against its board over the carmaker's all-stock acquisition in 2016 of the financially troubled solar power company, where Musk was a large investor.

Why did SolarCity merge with Tesla?

In this article, we'll cover the history of the SolarCity/Tesla merger. Founded in 2006 by Peter and Lyndon Rive, SolarCity was once the leading residential solar installation company in the U.S. SolarCity merged with Tesla in 2016 seemingly as part of Elon Musk's plan to transition the world away from fossil fuels and towards clean solar energy.

What is the difference between Tesla & Solar City?

"SolarCity" is still in use in branding on the internet, but Tesla is technically the company name that encompasses the electric vehicle, electric battery, and solar energy ventures of Elon Musk. "Tesla Energy" is a subset of Tesla that covers solar panel and battery installations.
