How easy is solo leveling?

(It was in old flyff in which you get your buffs to go for a day). I also don't think I'll be able to look for RM's around the low level areas willing to buff characters. Solo leveling is very easy and honestly very simple. Do all of the quests that you can at your level, and when you're out of quests you just grind monsters near your level.

Is the leveling system based on solo leveling?

The system is based off of Solo leveling system because I feel like that system is the leveling system I have seen in manga recently. With that said there will be some Sasuke bashing. Description inside. I don't own Naruto or characters
