

Subsidy for planting watermelons under photovoltaic panels

Can Agrarians get a grant for solar equipment?

Farmers and landowners can apply for solar grants through the Improving Farm Productivity Grant. This initiative offers up to 25% funding for solar photovoltaic (PV) equipment. What are the latest farming equipment and technology funds available to agrarians?

Can I apply for a solar Grant and a farm productivity grant?

It is possible to apply for both a solar grant and a farm productivity grant, but separate applications must be submitted, and the maximum grant across both applications is £500,000. Applications should be made through the Rural Payments Agency (RPA). The IFP grant is competitive, with applications judged on how well they meet funding criteria.

What is the improving farm productivity solar grant?

The Improving Farm Productivity solar grant is designed to support the installation of solar equipment on farm roofs and reservoirs. It is part of Defra's drive to improve energy resilience and encourage electrification in agriculture.

How do solar panels help farmers & landowners?

Farmers and landowners can secure financial assistance through solar panel grants covering a portion of the solar equipment costs. This scheme is designed to support the adoption of renewable energy sources and enhance farm productivity.

Should you apply for a solar panel grant?

By applying for a solar panel grant, you could receive heavily discounted or even free solar panels, resulting in annual energy bill savings upwards of £1,040. We recently conducted a survey of over 1,540 Independent readers who own solar panels* to understand how they made the most of the solar panel funding available to them.

How much does a £45 million solar grant cost?

A substantial £45 million fund has been allocated to support the solar grants. Participating farmers and landowners can apply for grants covering up to 25% of the cost for solar photovoltaic (PV) equipment installation. The minimum grant available is £15,000, while the maximum is £100,000.
