Sullivan is due back in court on Jan. 6 for another bail review hearing. As for the company, as of Thursday, a search of court records does not show Sullivan Solar Power filing for bankruptcy.

Sullivan Solar Power is a leading provider of solar power installations in San Diego, Orange County and Riverside. Check with us for solar panel installations that can change the way you generate electricity. ... You can also enter your zip code and review detailed case studies of solar projects we've done in your neighborhood. You will see ...

Sullivan Solar Power Bites The Dust. Numerous solar companies have gone out of business during the pandemic. This is due in part to supply chain issues causing disruptions in ability to deliver goods and services as promised. But others have gone under due to poor management, specifically and most recently the San Diego based Sullivan Solar Power.

I have been very pleased with Sullivan Solar Power's proactive communication and service. Would highly recommend them to anyone looking for a new solar system or has a need for support on an existing system, if their current vendor no longer exists (which has happened to many people)." Thank you for another 5-star review on our Yelp page!
